

Solar Panel Mounting Bracket

Model: RS-GM01 / RS-GM02 / RS-GM03

RS-GM01

RS-GM02

RS-GM03

Features

• Adjustable Tilt Angle

Easily adjustable between 18° and 45° to optimize solar exposure for maximum energy production.

• Wide Compatibility

Designed for off-grid solar systems, compatible with Mega 100W to 410W solar panels. Ideal for use on RVs, trailers, sheds, garages, flat roofs, and ground installations.

• Quick Installation

Pre-drilled holes and included steel fasteners enable fast and precise placement.

Six-Step Process: Simplified installation (refer to manual for detailed instructions).

• Durable Construction

Made from high-strength steel, offering excellent load-bearing capability and weather resistance.

Withstands up to 60 m/s wind speed and 1.05 kN/m² snow load for reliable outdoor performance.
